## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1 – 15, 19, and 20 are rejected under 35 USC 112, second paragraph.

Claim 1 recites the limitation "said central server system" in lines 7, 8, 14, 15, and 17. There is insufficient antecedent basis for this limitation in the claim.

Claim 1 recites the limitation "the internet central server" in line 12. There is insufficient antecedent basis for this limitation in the claim.

Claim 12 recites the limitation "said central server system" in lines 11 and 13. There is insufficient antecedent basis for this limitation in the claim.

Claim 19 recites the limitation "said central server system" in lines 7 – 14, 16, 21, 23, and 25 – 27. There is insufficient antecedent basis for this limitation in the claim.

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States

Art Unit: 2454

only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

2. Claims 16 – 18 are rejected under 35 U.S.C. 102(e) as being clearly anticipated by Bastian (U.S. Pat. No. 6,757,712) (Communications Systems for Aircraft).

2.1 Regarding claims 16 – 18, the previous rejection of claims 16 – 18 under 35 USC 102(e) on 4/27/10 applies fully.

The proprietary software features do not add novel features to the claims language.

### ***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
